Comcast shares the wireless wealth with Nokia

The vendor side of Comcast's emerging wireless and mobile strategy took more shape today as the operator announced it will roll out Nokia's 5G Stand Alone Core networking software to support its deployment of CBRS and 600MHz spectrum.

Comcast will deploy that spectrum in select, high-traffic areas in support of both residential and business customers that take mobile services from the operator. Deploying fresh spectrum in those areas will give Comcast a greater degree of ownership.....

Frontier breaks another fiber record, proclaims biz has entered 'growth phase'

Frontier Communications fiber frenzy generated another batch of positive results in the fourth quarter of 2022. The telco added a record 76,000 fiber subs in the period, more than two times what it added in the year-ago quarter. The bulk of those fiber subscriber gains are coming from cable competitors, execs said.

Frontier ended 2022 with 1.7 million fiber customers, a figure that represents the majority of its total base of 2.8 million broadband subs.

SCTE - GLC Revisits Prepping Cable Networks for 10G

- **What: Great Lakes Chapter is hosting a virtual webinar!**
- **When: Tuesday, February 28, 2023**
- **Time: 12pm - 1pm EST**

In this session, our team of technologists will evaluate the readiness, resilience and reliability of cable networks for 10G service.

Register Today!

SCTE CHAPTER WEBINARS

Share training opportunities with your chapter members by sending a meeting notice at least 3 weeks in advance. Hosting chapters will earn credit for the chapter's attendees, plus credit for hosting a webinar and teamwork points if other chapters participate. Participating chapters will earn technical training hours for their members if at least five chapter members participate.

Note: if the training isn't hosted through the SCTE Chapters webinar account, you will need to work with the hosting organization to obtain a list of attendees from your chapter. We are unable to provide attendee info for events not hosted through the Chapters department. See the full chapter training schedule at [scte.org](https://www.scte.org).

- [Gateway Chapter Back to Basics Meter Test Compliance](#) on Feb. 22
- [Greater Chicago Chapter Safe Digging Practices](#) on Feb. 22
- [Ontario Chapter Don't Be Passive About Passives](#) on Feb. 23
- [Great Lakes Chapter Revisits Prepping Cables' Network for 10G](#) on Feb. 28
- [Golden Gate Chapter DOCSIS^{\(R\)} 4.0](#) on March 22

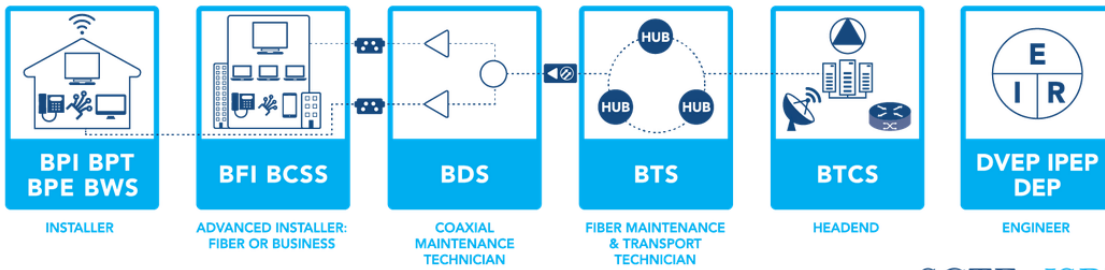

Chapters can organize a training utilizing recordings of webinars presented by other chapters. The [full archive](#) is available to members as a benefit of membership.
