Comcast's DataBee enhances threat monitoring

DataBee, a company under Comcast Technology Solutions, has enhanced its DataBee Hive platform and introduced more automated threat detection with a new product called EntityViews. #pressrelease

DataBee™, from Comcast Technology Solutions (CTS), today announced new capabilities in its DataBee Hive™ security, risk and compliance data fabric platform. DataBee EntityViews™, powered by a patent-pending entity resolution technology, introduces automated detection chaining that improves threat hunting, security detection fidelity, and insider risk monitoring. An enhanced

set of ZTNA and SSE controls compliance dashboards accelerate zero trust compliance and provide greater performance insight to help reduce an organization's risk.

Rogers cuts new content deals with NBCU and WBD

Canada's Rogers Communications has struck multi-year deals with NBCU and Warner Bros. Discovery, including the launch of NBCU's Bravo channel this fall and the launch of several WBD channels starting in 2025. #pressrelease
June 10, 2024
1 Min Read

Rogers Communications today announced blockbuster multi-year deals with NBCUniversal and Warner Bros. Discovery to bring the most watched lifestyle and entertainment content to Canadians on their platform of choice. Starting September 2024, the company is launching NBCUniversal's Bravo channel in Canada and will become the English-language television content

rights holder in Canada, featuring the best of unscripted programming, which will include new seasons of Bravo's hit franchise series.

Starting January 2025, Rogers will be the home of Warner Bros. Discovery's suite of English-language U.S. lifestyle and factual brands, including HGTV, The Food Network and much more.
